Rose Gold Love Card

Project by: Debbie Seyer

1. To create the base of the card, cut a piece of kraft card to 5 ¼" x 10 ½". Score at 5 ¼" and fold in half.

2. Trim a piece of the patterned paper from the 6x6 Rustic Wedding pad to 5" x 5".

3. Die cut the heart from the the Love Is In The Air die set from both vanilla cardstock and rose gold glitter cardstock. Then die cut the flowers from the Love Is In The Air die set from rose gold glitter cardstock.

4. Trim a few of the smaller flowers out from the rose gold glitter heart die-cut.

5. Adhere the glitter flowers into place as shown on the card.

6. Cut the sentiment from its transfer sheet and apply to the vanilla cardstock. Run this thru the Gemini. Remove the plastic covering the sentiment and apply the rose gold foil. Run this thru the Gemini. Die cut the foil sentiment using a circle die.

7. Apply 3d foam squares onto full heart die and apply to patterned paper. Adhere the middle heart die cut as show in the picture.

8. Adhere the sentiment circle using 3d foam squares.

9. Apply pearls into place and adhere the panel to the base of the card to complete.

Supplies:

Die'sire Create-A-Card Die - Love Is In The Air
